Binocular Vision	Both Eyes
Stereopsis Screening	Adequate . . . . . <input type="checkbox"/> Follow-Up Needed . . . . . <input type="checkbox"/>

Screener: \_\_\_\_\_ Date: \_\_\_\_\_

Recommendations: \_\_\_\_\_

Your child has completed vision screening of minimal near and distance vision, and a stereopsis screening of eye teaming. This screening is used to identify obvious problems with clarity and eye teaming that might interfere with school readiness but should not be considered as a replacement for an examination by an eye doctor. If you have concerns about your child's vision you should contact your child's medical provider.

If you have any questions about the vision screening instruments that we use in Head Start of Lane County, please contact us at 747-2425 ext 1229.
